Software Engineering Student | Python Developer | Web Developer | Graphic Designer

Professional Summary

Creative and detail-oriented Software Engineering student at Kirinyaga University with an expected graduation year of 2027. Passionate about software development, web technologies, artificial intelligence, UI/UX, and graphic design. Skilled in building responsive web applications, designing engaging user interfaces, and creating visual content that enhances user experience.

Education

Bachelor of Science in Software Engineering

Kirinyaga University

Expected Graduation: 2027

Technical Skills

Programming Languages: Python, JavaScript, HTML, CSS, SQL

Frameworks & Tools: Flask, Git, GitHub, Docker, SQLite, MySQL

Software Engineering: Object-Oriented Programming, REST APIs, Database Design, Version Control, Problem Solving

Graphic Design: Figma, Canva, Adobe Photoshop, UI/UX Design, Wireframing, Brand Identity, Social Media Design

Projects

- **Student Management System** – Developed a Python, Flask, and SQLite application for student registration and record management.
- **E-commerce Website** – Built a responsive shopping platform using HTML, CSS, and JavaScript with authentication and cart functionality.
- **Personal Portfolio Website** – Designed and developed a portfolio showcasing software engineering projects and graphic design work.
- **Graphic Design Portfolio** – Created logos, social media graphics, brand assets, and UI mockups using Figma, Canva, and Adobe Photoshop.

Experience

- Developed academic and personal software projects using modern development tools.
- Collaborated using Git and GitHub for version control and project management.
- Designed user interfaces and visual assets for digital products.
- Applied analytical and creative problem-solving skills to deliver user-focused solutions.

Interests

Artificial Intelligence, Web Development, Graphic Design, UI/UX Design, Emerging Technologies, and Digital Innovation.
